

Glogster

Glogster is a free website in which students and teachers can create interactive posters!

[CLICK HERE](#) to see a sample Glog.

Before creating a Glog, the teacher must register for an account. Multiple users can log in to the same account simultaneously.

CREATING A TEACHER ACCOUNT

Go to <http://edu.glogster.com/>. Scroll to the bottom of the page, and click **Register**.

Your **Nickname** will be your user name, and create a password.

Enter an email address. You are only permitted to have one Glogster account per email address.

Enter your first and last name, and all other information.

Then click **Sign Up**.

You will receive an email confirming your account.

You can access your account by visiting <http://edu.glogster.com> and clicking on the **Login** link.

CREATING A GLOG

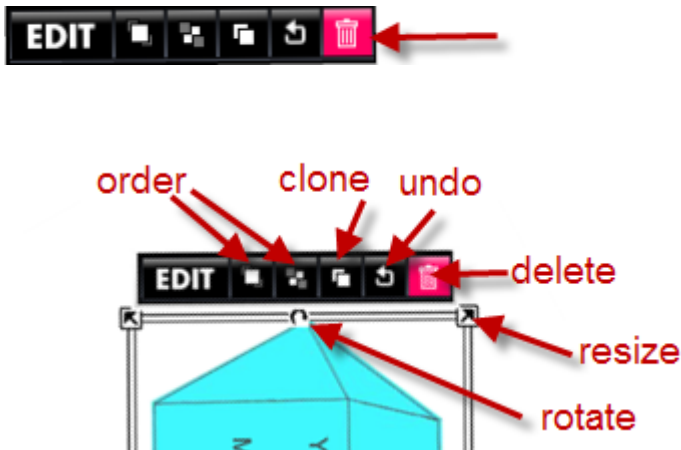

Click the **Create a New Glog** button.

CREATE A NEW GLOG

This is the template.

To remove an item from the template, single click it and choose the trash can. Your choice will not be confirmed, and the deletion is not undoable.

For more editing options (change text, color, add hyperlink, special effects) , click the **Edit** button.

WORKING WITH WALLS

On the template, some elements are not removable in the way shown above. They are a part of the "wall." To remove them. change the wall.

A wall is a background for your entire Glog page. Select a wall background, and then click **Use It**.

WORKING WITH GRAPHICS

Choose a graphic and then click the **Use It** button.

Once the graphic is on your screen, you can edit, move, resize, rotate, etc.

WORKING WITH TEXT

Select a text style and then click the **Use It** button.

WORKING WITH IMAGES

You can upload images saved to your computer and use them in your Glog. NOTE: You cannot copy & paste images to a Glog.

Click the **Upload** button.

Browse your computer and select the desired photo(s). After the photos have uploaded, select one, choose a frame (optional), and then click the **Use It** button.

Once the graphic is on your screen, you can edit, move, resize, rotate, etc.

WORKING WITH VIDEOS

You can upload videos saved to your computer and use them in your Glog.
NOTE: The video must be saved to your computer.

Click the **Upload** button. Browse your computer and select the desired photo(s).

Wait while the video uploads. It may take a few minutes to finish the upload process.

After the photos have uploaded, select one, choose a frame (optional), and then click the **Use It** button.

DATA AND DRAW

Data and Draw are “premium” features. They are not accessible in the free version of Glogster.

SAVING & PREVIEWING YOUR GLOG

To see what others will see when they view your Glog, click the **Preview** button.

You cannot edit when in Preview mode. Click the **Back to Edit** button to leave the preview and continue editing.

When you are finished with your Glog, click the **Save and Publish** button.

Type a name, choose at least one category, and then click the **Save and Publish** button.
